

"Neil's eye for detail, his constant search for something new, a picture that stands apart from the rest and the natural shots are the most incredible to see. We are so pleased Neil was able to shoot our special day. The pictures tell the tale. His art shows in every picture." - Stephanie & Simon

What to expect:

A well presented, experienced and professional photographer. I will capture the essence of your day with a uniquely creative flair.

I work as naturally as possible capturing all the key moments as they happen whilst also looking for all those extra special memories that you might not have even seen or have forgotten about. Until a photo brings it all back.

If you would like any advice about your wedding day in general, I am happy to offer this. I often say to people "if you take away my cameras, I watch a lot of weddings!"

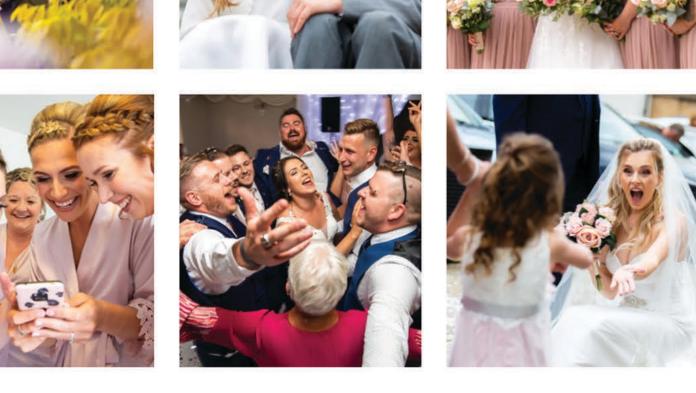

What you need to know:

- Full wedding day photography starts 3 hours before the ceremony & I finish about 20 minutes after the first dance.
- I'm fully insured including public liability insurance.

• Be assured, your wedding photography is in safe hands.

- I own all my photography equipment including back-up equipment.
- I attend every wedding with 3 cameras. I work with 2 all day. The 3rd is back up.
- 80/85% of your wedding day is photographed naturally.
- Prices start from £995 with a full range of USB & printed album options. A full breakdown of prices & packages is available on my website.
- Pre-wedding photoshoots are FREE & optional to help prepare you for the day. • Your wedding photos are ready for you just 4 weeks after your wedding day.

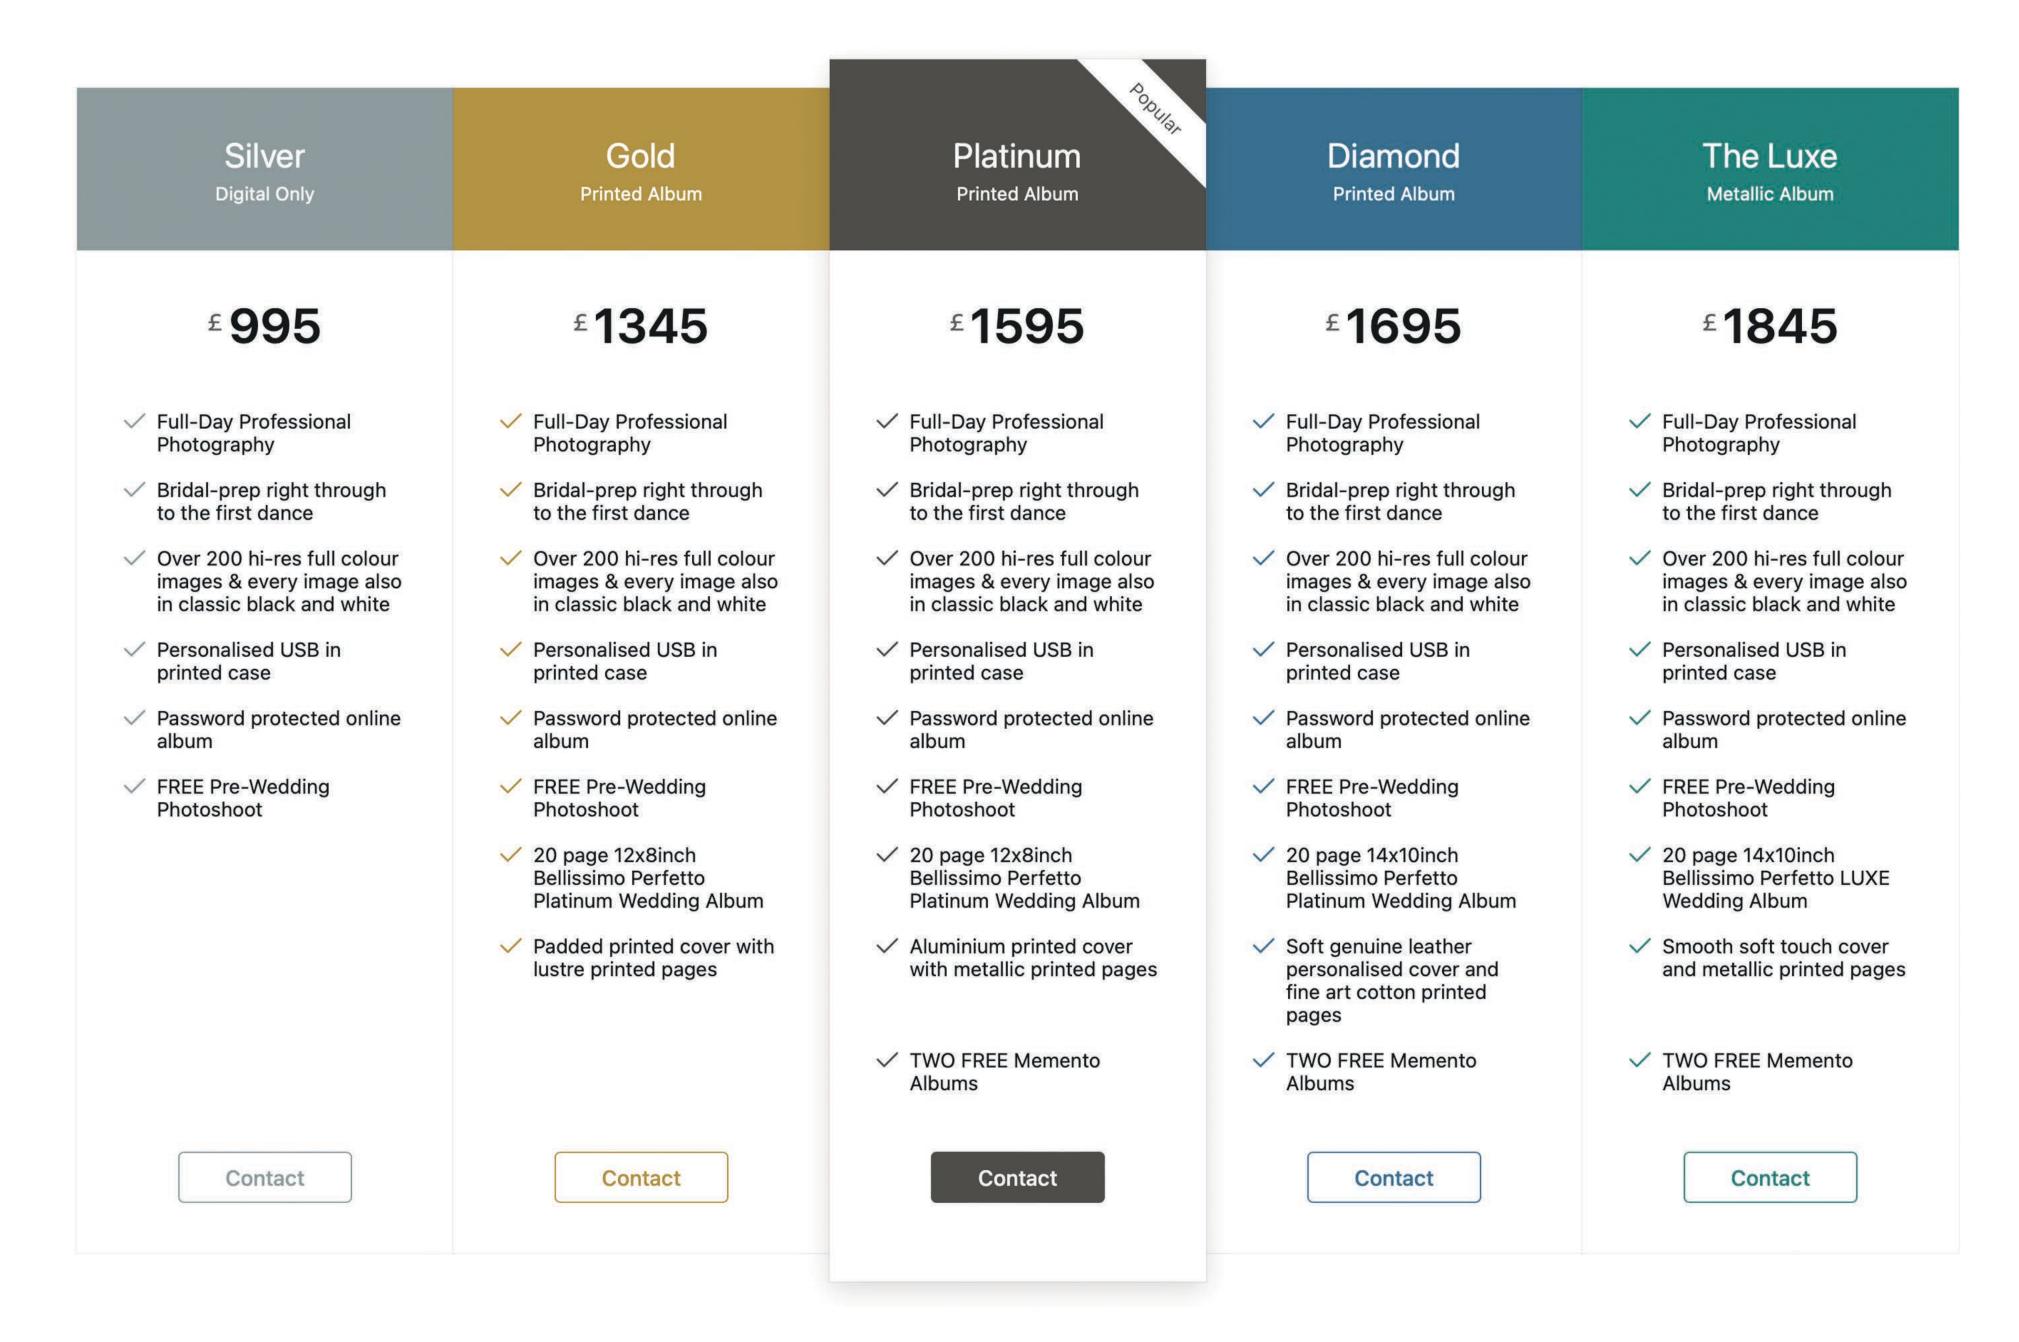

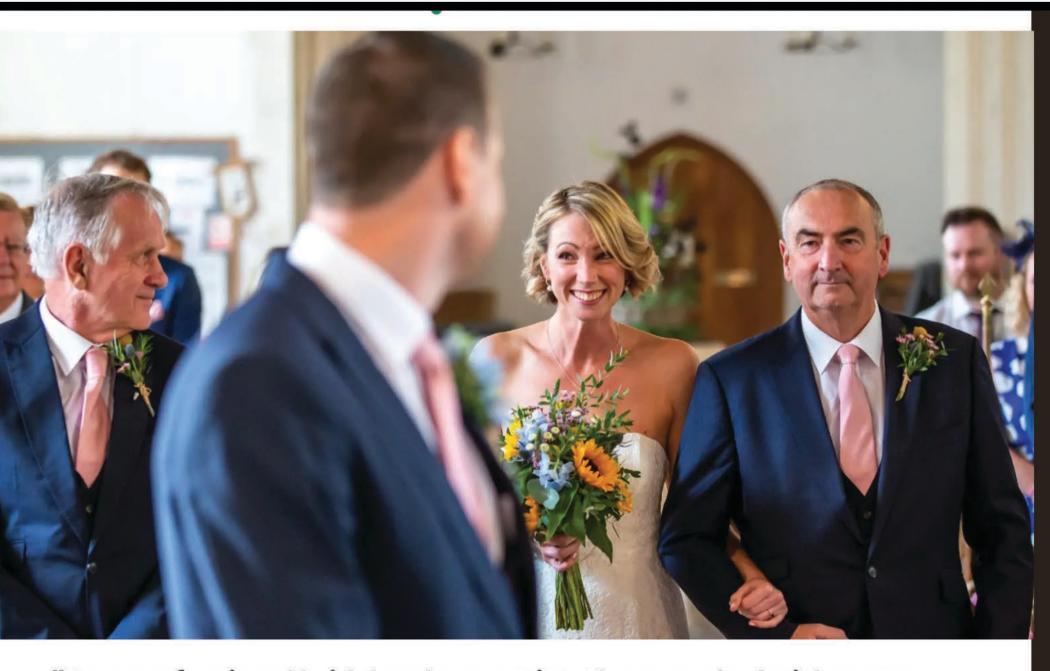

"Amazing and professional from our pre-wedding photoshoot to our special day. He made us feel comfortable and nothing was to much. He turned our special day into amazing photos. All our guest have commented on how lovely he was and how amazing our photo are." - Georgia & Richard

Prices and Packages

All prices and packages include VAT. A non-refundable £250 booking deposit secures and confirms your Wedding Day. The remaining balance is not due until your Wedding Day.

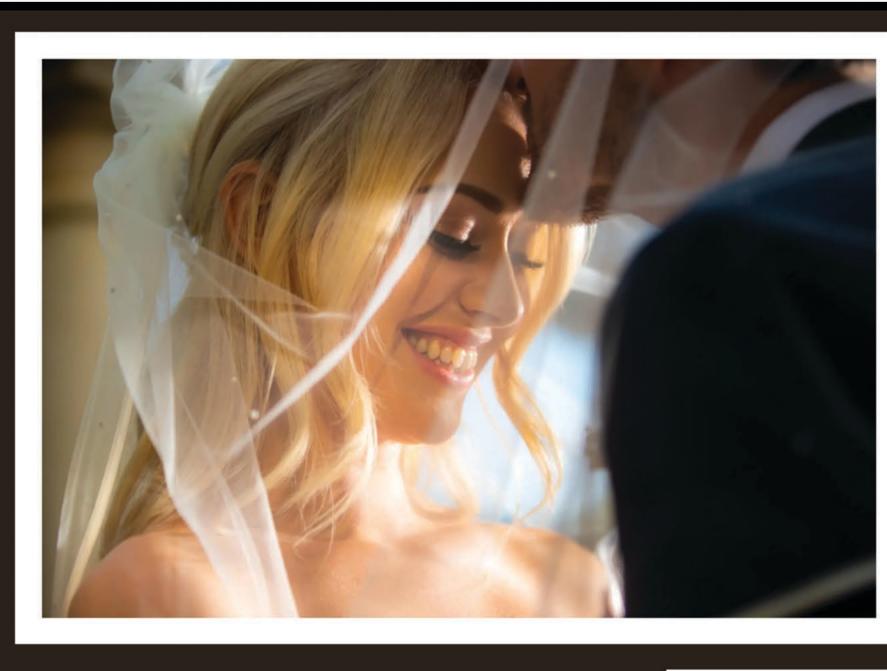

Smaller USB packages covering just the ceremony, family & friends group shots plus bride & groom images are also available but are very limited. The price for this package is £500 and covers up to 3 hours.

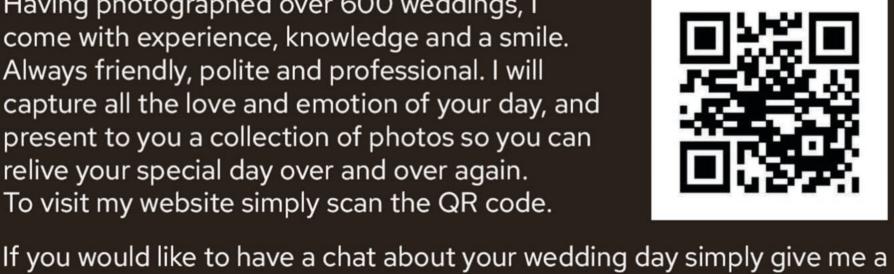

"As a professional bridal makeup artist, I have worked with many photographers. I wanted someone relaxed, comfortable and friendly. Someone who would laugh with our guests and fit in and not control our day! As soon as I met Neil, I knew I would book him as my photographer. My photos were perfect and exactly how we wanted them to be." - Rose & David

My wedding photography style is natural with a creative flair. For me this is an art. Capturing a wedding is something that comes with great responsibility. A responsibility that I take very seriously and with an overwhelming amount of pride and honour. Saying all that, weddings are a lot of fun too. And so they should be.

Having photographed over 600 weddings, I come with experience, knowledge and a smile. Always friendly, polite and professional. I will capture all the love and emotion of your day, and present to you a collection of photos so you can relive your special day over and over again. To visit my website simply scan the QR code.

call or drop me an email. I hope to hear from you soon.
